Good Day,

Thank you for your email. Please accept our apologies for any delay in reply.

Cyril Ramaphosa Foundation is an independent Public Benefit Organisation.

It builds replicable models to develop human potential and entrepreneurial capacity for an inclusive, empowered society. The Foundation fulfils its objectives to improve education, promote skills development, develop small and medium Black business, and address the social and structural factors that mitigate against this through the following of its partner entities: Adopt-a-School Foundation, KST, Cyril Ramaphosa Education Trust and Black Umbrellas.

The Foundation does not represent government, nor Mr Ramaphosa in his capacity as President of South Africa and as President of the ANC.

Please direct your request to government <https://www.gov.za/about-government/government-call-centres-and-help-lines> or The Presidency at presidentrsa@presidency.gov.za.

We wish you well in your endeavours.

Warm regards,

Dear President Ramaphosa,

I am reaching out, again, for some assistance, please.

I did write to you some years ago but can not find that email in my email accounts(s). My accounts have been tampered with and I am still in a difficult situation after five years of trying to resolve this matter without success.

I have also been unable to find any lasting stability - both financially and (more importantly) health wise since this case began in 2019 - I do not understand why, yet, as I have always worked for myself (mostly) and have never experienced anything like this.

My accounts are also not accessible now. Mostly. I only have access to a few at this point. Another suspected hack.

In addition, I am about to be rendered homeless, still owe debt after not missing any payment on anything for roughly 30 years, paying honest taxes and being offered Platinum credit cards and turning them down.

I do not know exactly what is happening here, but suspect possible police corruption and harassment in the WC now, as this trouble began at the same time that this case began and has not stopped since.

Any assistance you are able to offer would be greatly appreciated now, Sir.

I understand that it is not a good time and you must be very busy, right now, but I honestly feel as though any attempt to find my footing in Cape Town will only be sabotaged yet again. And I am scared now. I am calm. But I am also afraid.

The mayor of Cape Town will find tons of emails from me via my many email addresses in their inboxes: nicole@designunltd.co.za; goremoteworld@gmail.com; this one and probably more.

I was under extreme stress and all over the place back then. I do have copies of the full accounts if you choose to investigate this matter.

Please find some links herewith:

I also have video and photographic evidence in other folders.

Hoping for your kind response.

Warm Regards,

Nicole Dreyer

Dear Mr Ferndale,

"Badisa will present a report to the DSD on 08 February 2021."

As per your prior mail response are you able to furnish me with the promised feedback yet? It is now a year later still without word from your offices.

Kind regards,

Nicole Dreyer

Dear Mr Ferndale,

I thank you for the information.

The father has gone on to break the new parenting plan and maintenance agreement as expected and is refusing mediation again and telling me to go back to court if I don't like it.

His behaviour is escalating again since the court process ended.

I am not sure what to do from here. Two years of court, a variety of officials coerced by him to break legal protocol due to his gender and SAPS contacts, and here we are again.

My son was in tears again yesterday worrying he would pitch up unexpectedly. The father used SAPS contacts to remove my son forcibly last year.

And a criminal kidnapping case at SAPS Fish Hoek against him for doing same in 2019 has never been attended to.

My child has been through too much already.

I await your office's response.

Kind regards,

Nicole

Dear Mr Ferndale,

Is there any feedback from the DSD regarding this, please?

I have also heard nothing from SAPS Fish Hook with regards to the criminal kidnapping case in June 2019. Still.

Kind regards,

Nicole Dreyer

Actually laughing out loud.

Full videos are available. Because it starts off with Jed not know what I am about to I ask. No coaching.

And with me saying that I forgot to ask you who built your LEGO model that you showed to me as "Jed's Plan."

You are a very smooth woman, Ms Rubain.

Respect. But also. Not much admiration.

Thank you for the time.

Nicole and Jed.
